Platform for Vocational Education

Education

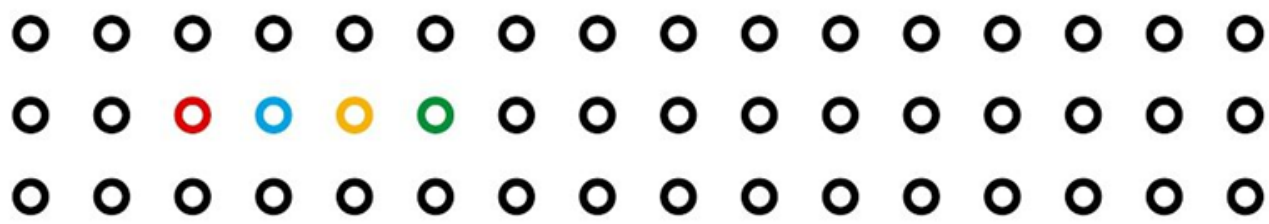

Government

Business

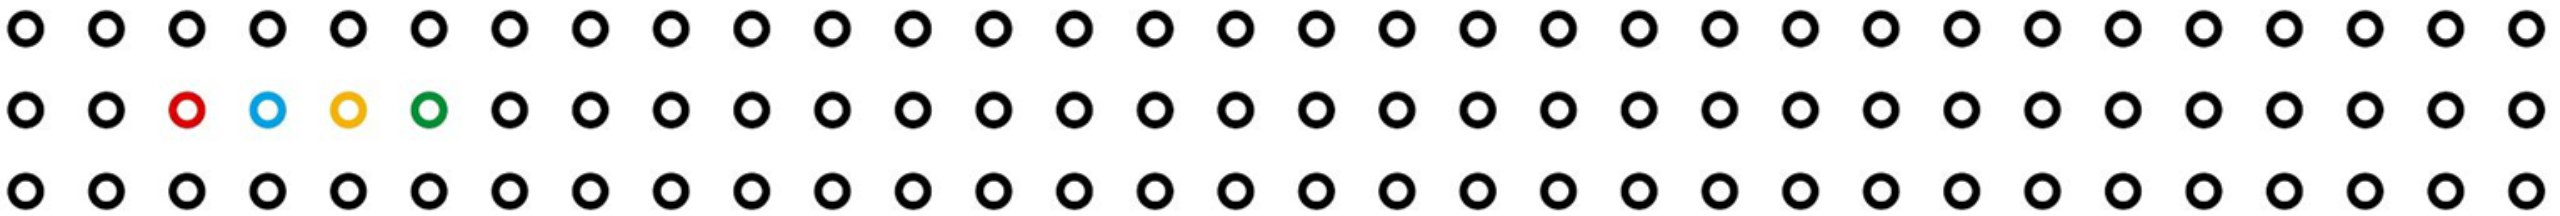

Structure of Dutch Vocational Education

1. Preparatory Vocational
Education (12-16)

2. Secondary
Vocational Education (16 +)

3. Higher Professional
Education

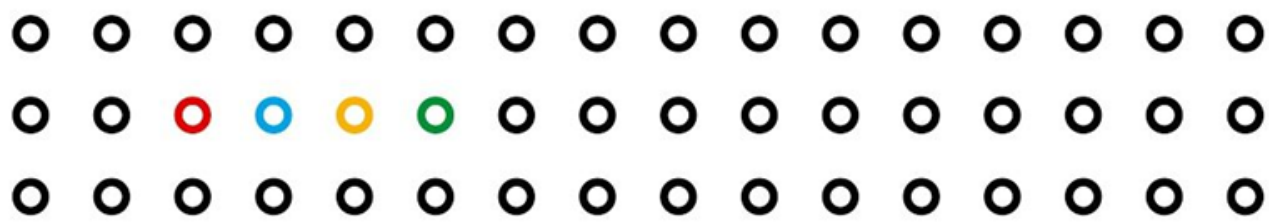

Objectives Consortium

- Network of key partners in vocational education
- Co-creating curricula, exams, professionalization
- Center of expertise

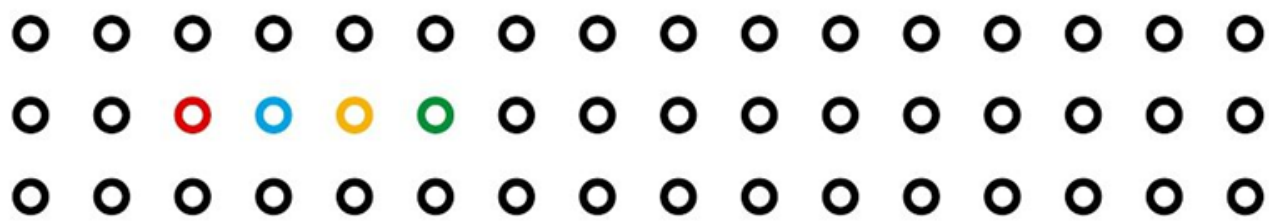

New concept in
which search
technology has an
important role
(Wizenoze-Web for
Classrooms)

1. Exam Level
2. Assignments
3. Content by
search engine

Benefits:

Flexible

Up-to-date

At this moment
we are carrying
out pilots with very
good results

CHALLENGES:

1. Unlock from tradition
2. Make teachers familiar with using new technology
3. Embed search window in Assignments
